

# BHM LEICESTER LTD

## PROPERTY DEVELOPMENT, MAINTENANCE & FACILITIES MANAGEMENT

*Design, Build, Remodel, Renovate & Transform*

Whilst most of our work is carried out in-house, we only ever work with reputable local tradesmen, women, and suppliers. We are also fully insured (up to £2 million public liability and £15 million employers' liability) and compliant with all current building regulations. As a result, we are familiar with the often complex planning processes and can assist you by navigating these processes on your behalf or, simply, by 'holding your hand' as you navigate them yourselves.

Also, for those larger projects (to ensure that our clients are given the fairest price) we work closely with a LABC endorsed estimating company. This helps to prevent springing any surprise, unforeseen charges on our client, further into a project, taking the cost much higher than originally quoted. This also ensures the price we give our client is accurate and fair for all parties and based on industry standards.

Also, we ensure that all team members are DBS checked and can meet our exceptional standards, not only in relation to their workmanship, but also in relation to customer service and health and safety practise. They have all passed accredited training courses in Health and Safety and basic first aid, ensuring they meet all the required standards for working safety within your home.

Lastly, if all that isn't enough to reassure you, we are also able to offer up to a ten-year guarantee on our construction work, giving you that additional peace of mind.

Hopefully, you now know that we're the best people for your job; however, if you do have any other queries – or even if you'd like to speak to some of our past clients, who've had work carried out similar to yours - please don't hesitate to contact our friendly team on 07780 604629 or 0800 0141 825.
